

History and Origins

La Taverna del Sole originally started as a wine cellar and warehouse for Palazzo Costantini. In 1994, the building was transformed into the restaurant "Il Pugnalone," quickly becoming a landmark for local cuisine and pizza. In 2025, the project evolved with the launch of Taverna del Sole, a charming pizzeria that seamlessly blends tradition and innovation, offering a curated selection of high-quality Italian food and wine.

Culinary Offerings

Taverna del Sole features a menu centered around seasonality and premium ingredient quality.

Cooked in a traditional wood-fired oven, our pizzas and panpizzas are made from high-hydration, long-leavened dough. By using carefully selected flours alongside certified PDO (DOP) and PGI (IGP) ingredients, we ensure a light, flavorful, and highly digestible experience.
